To whom it may concern.

Find a father of 5 most of our time during the summer time yes spent out in the wilderness we ride our bikes and we hike and we spend a lot of our skryme enjoying the series that we see I teach my children what you pack in you pack out no matter what it is you always leave the place better than what you see increasing the fees to the proposed hikes would definitely stop my family and I from going in enjoying this wonderful resource that we have.

Please be responsible and try not to ruin it for the rest of us some can afford it and some it would put a great hardship on.

Thank you for Your time and listening to my concerns.
