Comments: Comment on proposed new fees

Great idea but why should I have to pay a fee to hike trails in Threes Sisters Wilderness that never got cleaned up the last two years? The grape is so thick in areas it is all you can do to find the trail. Climbing over down trees is the norm. The only limbs and small trees removed from the trail are the ones I tossed off to the side. So you want me at almost 70 with COPD to pay a fee on a trail that doesn't see half a dozen people a day and you aren't keeping up anyway? Not happening.

Thanks,

Mike VanDeWalker
