Comments: Fees

I would say the fees should be just like the State Park fees for overnight and day use. I purchased the yearly fee for State Parks, \$25, really nothing, but understand it adds up. The number of out of state tourist visiting, it is only fair to have a fee, their states do. The upkeep is very important and I've seen many who have disregard when they visit. \$3 daily fee is very fair, I would say \$5 would be better. I would suggest a \$30 for a years pass.
