The increase in pricing for Oregon parks is ridiculous and greedy. Charge double the amount for day use, really?! To have no date changes for overnight camping when hiking the pct?? Obviously someone who doesn't enjoy Oregon's great outdoors made up these new pricing and rules! This is ridiculous!! I can understand certain areas needing protection and less foot traffic control but this is over the top! The goal should be to help Oregonians get out and enjoy nature! Whatever happened to the lottery money going to parks?!?
