Comments: Golden Age Passports

I think Oregon should continue to honor the "Lifetime Golden Age Passports" when the new entry permit system is started for those Oregonians that currently hold them. After all, they were sold and bought with the "lifetime" understanding. Since the holders were required to be 62 years of age when they bought the Passports, attrition will naturally phase out the current Golden Age Passports holders in Oregon. Come on. Now that us seniors have the time let us enjoy more Oregon.
