Dear Willamette National Forest,

When filling out this petition I was give many options for what to place here. However, the simplest and best possible one I can provide is that I live on the other side of the country in NYC. I travel to climb and enjoy the outdoors. Restricting my access would make it more likely that would travel somewhere else. I rent cars, buy food, stay at hotels... all the classic travel things. I would love to climb here but my have to look other places if it's hard for me to get access.

We have one earth and one shot. I'd love to come explore here.

- John

Sincerely,

John Purviance
