Dear Willamette National Forest,

The Forest Service should implement other, less restrictive management tools prior to implementing limited-entry day-use permits. Examples include educational programs focused on leave no trace practices, administrative signage, revegetation and restoration projects to address areas of concern, and installation of toilet facilities and/or wag bag stations to address human waste issues.

I'm a frequent visitor to Oregon parks and backcountry and I believe you folks should reconsider this and implement a lighter step before resorting to something so drastic.

Thank you for reading and the consideration to change your plan!

Sincerely,

Matt Gowie
