Comments: Keep Dozers and Chainsaws out of Tongass National Forest!

Dear U.S. Forest Service,

I strongly urge you to keep the "Roadless Rule" protections for the Tongass National Forest intact and urge you to select the "no action" alternative instead.

Along the same line, I also vehemently oppose your plan to allow the agency to open any of the 5 million acres of roadless areas on the Chugach National Forest to bulldozing and clearcutting for logging.

Please - think of future generations by selecting the "no action" alternative to maintain "Roadless Rule" protections for the Tongass and Chugach.

Sincerely,

Oakey Pruett
