Comments: Concerning: Arizona Church of Christ Bible Camp Potential Reissuance #56651

While I'm not a current resident in Arizona, I have a long history with the Arizona Church of Christ Bible Camp. My father was the mason that built the mess hall, bathrooms, and cabins. I spent many summers on Mt. Graham long before I was able to be a camper there. Our family served as cooks, nurses aid, and support staff for many years. The camp is a wonderful opportunity for youth to learn valuable lessons to enable them to grow into adults that have made awesome contributions to their communities. Many years of hard work and dedication has gone into keeping this camp an unforgettable and valuable experience for the youth of Southern Arizona. I urge you to allow the camp to continue to be a place of learning and growth in the amazing environment of Mt. Graham.
