Title:

Comments: Roadless Rules

This is to stat I am against opening the Tongass National Forest to roads. Our world has so few pristine wilderness places left. Opening up the forest would greatly upset the ecosystem and leave the area open to further developments. What ever short term financial gains made would be negated by the long term impact on the sustainability of this national forest. We owe it to future generations protect our shrinking wilderness areas.

Thank you

Christine Severson. Richmond VA
