Comments: Keep the Roadless Rule in Place for the Tongass National Forest

Dear Interdisciplinary Team Leader, Alaska Roadless Rule Ken Tu,

I love the outdoors and outdoor recreation is the number one contributor to my mental and physical health. As such, I'm writing to express my continuing commitment to protecting the Tongass National Forest, its backcountry and roadless areas from destruction incurred by logging and development.

The Tongass is extremely valuable for outdoor recreation, our climate, wildlife, clean water, clean air, and our physical health. These are all foundations to long-term prosperity and vital to protect. Road building, logging, and development should continue to be prohibited in the Tongass's roadless areas through upholding the Roadless Rule.

Sincerely,

Mrs. Stacia Tikaani
