Comments: Protect the Tongass and Chugach national forests

Dear Secretary Perdue,

Dear Secretary Purdue,

Please stop the rollback of the important 2001 national Roadless Rule in Alaska and protect the Tongass and Chugach national forests! I have visited this area many times and it is a habit that needs to be protected. The economic logging benefits will not justify scarring this pristine area. Thanks for your consideration.

Sincerely,

Marc Yaffee

Sparks, Nevada
