Comments: Support for Roadless Rule Preferred Option 6

Good Morning,

On behalf of Yak Timber, Inc. a Native Corporation Timber company we support Roadless Rule Preferred Option 6. This option supports the intent of the Tongass Forest being managed for multiple activities and providing jobs in rural communities such as Yakutat.

The benefits of dollars and jobs in rural Alaska cannot be understated as very important to a communities sustainability; The Timber Industry helps support the following needs of a sustainable community;

1. Transportation systems
2. Affordable water, sewer, && power
3. Affordable fuel oil && gas
4. Affordable food, clothing, && shelter
5. A healthy education system
- 6.Supports the local culture
7. Supports the Community health services and facilities
8. Supports youth and elders programs
9. Supports a law enforcement presence
10. Supports productive land and resource planning
11. Supports development of an attractive business development environment
12. Supports long term jobs and employment
13. Supports personal and community financial security
14. Supports balanced recreation planning.

Thank you for your support of Option 6.
