Comments: Roadless rule

Dear sirs: I think that the Tongass National forest should be removed from the roadless rule. I have lived in Petersburg Alaska for the last 54 years. Petersburg is in the heart of the tongass. I am an avid outdoors man and have been here long enough to see clear cut logging slashes regrow in to harvestable timber Any road that is not maintained is quickly reclaimed by Mother Nature With out these roads we would not have access to most of the Tongass National Forest. Please consider removing the Tongass from the roadless rule so that future generations can enjoy access to the forest as I have.

Thank you

Rocky Littleton.
