Comments: Repeal the Roadless Rule

Dear Comment Period Alaska Roadless Rule,

I support the full repeal of the Roadless Rule.

I am writing in support of full repeal of the Roadless Rule unchanged in Alaska.

I am hopeful that changes to the rule would lead to greatly expand clear-cut logging of old growth timber.

There is no evidence that our fisheries will be impacted by logging. Forty years is evidence to the contrary.

Timber is critical to the economy of Alaska. To grow these sectors of our economy, we need to repeal the Alaska Roadless Rule.

Sincerely,

Paul Comolli
