Comments: Maintain protections for Alaska Roadless Rule

Dear Secretary Secretary Perdue,

Please, I urge you, above all else, be the hero we all need right now. It is sickening standing back and watching the destruction for financial gain across this country. Equally as sickening and shameful being a part of a country that does not seem to care about its land, being one of the few taking action. What are roadways when there is no oxygen to breathe? This is not of a political party, this is not of left or right, this is of survival. Please. As one of the powerless, I beg you to do what's right, not lucrative.

I urge you in the strongest terms possible to select Alternative 1, or "No Action," for USFS Docket ID: FS-2019-0023 Alaska Roadless Rule #54511. Keep the roadless areas of the Tongass National Forest protected and working to provide clean air, clean water, and sustainable resources to America and the rest of the world.

Sincerely,

Samantha Smith

Sincerely,

Ms. Samantha Smith
