Sits: as a Sisters resident I implore you to rethink the penalty on locals! Issue us a one time pass for all trails for a set fee, so we can continue to protect and use our trails! My husband and I have maintained and built trails for over a decade with the forest service and Sisters Trail Alliance, as volunteers. I resent the "pass" for hunters, who aren't noted for trail volunteering. Also remember that MANY folks still aren't on line! Rethink the plan!
