Comments: Fee

I don't mind paying my fee if it goes for trail maintenance and parking lot maintenance. I do oppose it if it goes for visitor centers (roofs, personnel, etc) or other items on the agenda that promote visitors coming to our area where they can use our local resources and overuse them. This is a fee that is not good for locals and I have lived in Central Oregon for 30 years. I oppose this fee based on what I hear it will be used for!
