Title:

Comments: wilderness permit feedback

I am a forest service volunteer who volunteers hundreds of hours per year. I pay for my own transportation, personal safety equipment, clothing, hand tools, saw and more. It would be great if the forest service would offer an exempt permit or free pass to those that volunteered a certain amount of volunteer hours per year. It would be tough to work hard to clear and rebuild the trails only to have to pay a fee to use them.

Thank you

Brad Bennett
