Comments: I am writing to submit my support for Alternative 1 for the Roadless Rule - no change to the current plan, keeping all of AK under the 2001 Roadless Rule. At a time when we are charged as a nation with protecting our air, water, forests and landscapes for future generations, nothing is more critical than keeping our oldest forests intact. I urge Secretary Purdue and the USFS to leave the Roadless Rule in place, and ensure that the Forest service is doing all in their power to preserve one of the most critical forest landscapes in our country.
