Comments: 2020 Recreation Realignment Project #57074

I have used the Haw Creek Rec area since 1972. I would hate for it to go primitive. Yes we pack out the largest part of our camping trash but a lot of others do not. We like to use the fire rings and tables which keeps the sites separated and the trash cans help to keep it clean. Yes camping there is like camping in the woods and camping in a camp ground. Please do not take this beautiful little camp ground and let it grow back to just a pull over spot on the side of the road. I feel once the amenities are removed the camp ground will die. Not all of us want to camp in one of 150 camp sites. Please do not destroy this beautiful little campground.
