Comments: I support FULL REPEAL of the roadless rule in Alaska

Dear Comment Period Alaska Roadless Rule,

Repeal The Unnecessary Roadless Rule

The Roadless Rule has been an unnecessary overlapping piece of excessive legislation on the Tongass National Forest.

Please roll back unnecessary roadless area protections.

Our habitatS of fish and wildlife populations will and do survive.

In Hoonah we cut timber. Fish thrive, deer thrive, bear outnumber people 5/1! We are the fastest growing cruise ship port in North America.

Logging didn't harm Hoonah.

It built Hoonah and we love our roads!

Sincerely,

Paul Comolli
