Comments: Uphold the Roadless Rule in the Tongass

Dear Interdisciplinary Team Leader Ken Tu,

Please support the No-Action Alternative for the Draft EIS.

Proposed activities in the Tongass will release thousands of tons of methane, carbon dioxide, and other greenhouse gases into the atmosphere. Please do not support this!

Please support a healthy ecosystem and habitat for fish, birds and all animals.

Please do not exempt the Tongass from the Roadless Rule, or make any changes to how the Rule is applied in Alaska.

Thank you!

Sincerely,

Miss Marca Hagenstad
