Comments: No action

I oppose the proposed exemption to the roadless rule in the Tongass National Forrest.

I urge you to support the NO ACTION ALTERNATIVE.

Having lived in the Tongass for 1/2 of my life I can say that it is one of the last remaining temperate rain forest left standing and is vital to our nations health. It is vital to the salmon industry and the wildlife that live in the Tongass and feed the families of SE Alaska.

Don't let the Trump administration I do the progress that we have made as a country.
