First name: Mike

Last name: McGlenn

Organization: Back Country Horsemen Whatcom County Chapter

Title: Trail Head Chairman

Comments: Thank you for the opportunity to comment on the proposed Dead Horse Road action.

I don't find in the scoping letter or else where, the proposed date for this work nor for the planned time frame from start to finish.

The window for stock use of this popular road to a very popular trail head for stock and hiker use is limited. Especially for stock our access is from 1 Jul thru 1 Nov. Closing this road for some unknown extended period during the summer use time frame is of concern to the stock users and I am sure to the hikers also. I strongly urge you to consider this during the planning for this project.

There may be additional concerns raised as more information becomes available. Please continue to keep me and our organization apprised of this project.

Again, thank you for the opportunity to comment.
