Comments: My comment concerns the Alaska exemption in regards to the "Roadless rule"

"Please allow an Alaska exemption to the Roadless Rule" Please do not shut people out of our beautiful forests. I hear ads all the time suggesting people get out into our forests and explore the fresh air, beautiful wildlife, and the majestic scenery.

Most of us are only able to Get Into The Forest by vehicle. As an active senior citizen, my old legs are not able to transport me to some of the secret beauty of our forests.

Again, I ask you to Please Allow an Alaska Exemption to the Roadless Rule.
