Comments: I am writing in support of Alternative #1, the No-Action Alternative for the Draft Environmental Impact Statement on the proposed Alaska Roadless Rule. I support Alaska Native Communities rights to protect the Tongass Rainforest from this needless, wasteful destruction. An intact Tongass Rainforest has much more long term value to the economic stability of Southeast Alaska.

Furthermore, I am strongly opposed to any plans to reduce or remove protections from OUR National Forest roadless areas anywhere around the country. In a time of accelerating impacts from climate change, intact forests serve as tremendous carbon sinks. Do no further harm, adopt Alternative #1!
