Comments: My family and I vacationed in Alaska last summer. We spent 2 weeks and 90% of our days and evenings were spent outdoors. We live in Florida - we planned this trip for 8mo. Except for 2d in Anchorage - for airport access - we spent our vacation at remote facilities in several of Alaska's national parks and forests. To experience the expanse of Alaska we took plane and helicopter rides which enabled us to see the beautifully diverse regions in Alaska. Please do not alter the Alaskan landscape with this project to cut down trees and build roads. We are returning to Alaska next summer to the Juneau region - please don't ruin the gifts of Alaska.
