First name: Chris

Last name: Buness

Organization:

Title:

Comments: I do not support exempting Alaska from the Roadless Rule. I support Alternative 1. There are few places left like the Tongass and I would like it to remain as intact as possible. I rely on tourism and recreation for my income and already see enough clearcuts in my regular activities. There can be SOME responsible logging done as it stands. Please do NOT make more roads and development in my back yard.

Thank you.
