Comments: Protected areas are meant to be protected for a REASON. Please do not destroy our environment for a quick buck. Also those are public grounds but these companies will make a private profit. Will I get a dividend from that? I didn't think so. Finally, once you cut down a 1000-year-old tree we cannot get that back in our lifetimes, the lifetimes of our children or grandchildren. THIS IS THE ACTION OF BARBARIANS AND PHILISTINES.
