

Data Submitted (UTC 11): 12/15/2019 9:00:00 AM

First name: Nina

Last name: Olff

Organization: private citizen

Title:

Comments: This is insane and goes against all we know.Are you trying to kill us? The science tells us that we need those trees.As part of the Forest Service you should know better.This is about greed.Let the corporations support the loggers out of work.Devise renewal energy strategies.Do your patriotic duty and protect us from further environmental collapse.
