First name: John
Last name: Collins
Organization: 7226 Zimple St LLC
Title:
Comments: These Special Areas within the National Forest System Lands of Alaska contain trees that are hundreds of years old. Such trees are a treasure that must be preserved for generations to come to appreciate. Approval of logging in these Special Areas will destroy their natural integrity which cannot be replaced. Corporate profits should never be placed above national treasures such as the old-growth trees that should remain untouched within Special Areas within the National Forest System Lands of Alaska.

John Collins, Amite, LA 70422
