First name: Alicia

Last name: Loerzel

Organization: CrossFit 818

Title:

Comments: This is unacceptable and should not even be considered. Do we have NO RESPECT left for our land? Think of the wildlife you will be killing off and displacing if this is allowed to happen.

Citizens of the United States ARE NOT SUPPORTIVE of this and if you see, there is a change happening.

People are becoming more environmentally aware and using less and less products that hurt our country and our environment.

LEAVE this land alone.
