

Data Submitted (UTC 11): 12/16/2019 9:00:00 AM

First name: Juliet

Last name: Altham

Organization:

Title:

Comments: This is madness - it is in exact opposition to the kind of action that is required urgently. Knowing what we know as scientific fact, eliminating (or even limiting) protection of such precious forests is not only foolhardy and irresponsible but plainly and obviously immoral. Think about explaining this decision to your children and grandchildren before going ahead. Dont be the villains of history. Please.
