Comments: Hello, i'm Julian, i'm 9 and I am a fourth grader in Sherman Elementary and how I feel like about logging trees is really bad, it would be like going into a animals house and taking stuff from it. To me that is so not alright, And I would think it would be Stupid to cut down trees, like really. I'm not kidding, I know cutting down trees might be valuable, but think about all of the animals, they would barely have a home, so as insects, did you know animals were the reason we are living today? thousands of years of go we have transformed from a monkey to a living human, this my vote for no logging. If you read this whole thing, than thank you.
