Comments: Please do not exempt the Tongas National Forest from the Roadless Rule. Tongas National Park is world's largest remaining temperate rain forest and a crucial part of America's ecological resources. I am neither convinced of the necessity nor the benefit of the economic need to carve up the Tongas under the proposed exemption. I am requesting that TNF remain under the Roadless Rule, in keeping with the spirit and intent of the nation parks.

I urge you, do not permit this wholesaling of our nation's most democratic, low-cost and high reward treasures. Please do not sell away what makes America beautiful.

Thank you.
