Comments: The Tongass National Forest is an irreplaceable part of the immense natural wealth of our nation. I ask that you continue to protect this natural beauty and preserve it for future generations by keeping it under the Roadless Rule. The economic benefit will come and go, however its fortunes lie beyond monetary value. The eternal, pristine forest of the Tongass is something that should be kept eternal for every American. I trust the USDA will see the long term value of the preservation of this park.
