Comments: I am alarmed to find that the Forest Service proposes closing OHV trails in the Chattahoochee National Forest.

-I ride a dirtbike and a dualsport motorcycle on the Oakey Mtn, Tatum Lead and Milma Creek ATV trails often and am very concerned that closing it will limit my ability to enjoy healthy, active recreation my friends and family. I typically camp and spend \$150 on supplies and food at local businesses when I use the trails.

-My club uses the OHV trails at Oakey Mtn and would be willing to talk with the Forest Service about how we can work together to improve trail conditions, sustainability and enjoyment for users

-Any closures of OHV areas on the Chattahoochee National Forest should be offset with the establishment of new OHV areas on the forest offering the same opportunities.

-Adding sustainable single-track, motorized trails would significantly improve my recreation experience.

- More areas need to be added to the area not subtracted.

Thank you for investing the time in our current system and for making the effort to address my concerns.

Best Regards,

Robb Watson
