First name: dennis

Last name: powell

Organization:

Title:

Comments: Off road vehicles have access to a minute portion of the National Forrest. We help maintain trail and keep them safe. We actually need more of them and are willing to help with the maintenance of the trails. We pay taxes and have rights to the Forrest as well as respecting the rights of every taxpayer to use it.

This also provides valuable lessons to our youth in becoming self sufficient and responsible citizens

Thank you
