Comments: Tongass National Forest

Hello, my name is Brad Erbsen.

I'm an avid outdoorsman, lover of the outdoors, and our beautiful nation as a whole. I'm very proud of the majesty of our national parks and forests, of which I'm making my way down the list to visit each and every national park before my life comes to an end.

I'm a believer in most of what the Trump administration brings to our country, although it's hard to ignore the unfortunate advantages taken in this term to impose harm on both the Boundary Waters Canoe Area in Minnesota, of which is the state I call my home, and also the Tongass National Forest. Both of which are treasures to all who love the outdoors and wish to see our nation participate in preserving our earth for future generations and to slow irreparable damage to our climate. Please do not allow these places to be developed and resources to be extracted, causing further damage to our nation for a greedy, immoral endeavor.

Thank you,

Brad Erbsen
