Title:

Comments: Alaska Tongrass National Forest

To whom it may concern:

Please save Alaska's Tongrass Forest. Do not allow development and/or logging to be done there. We must save this beautiful area for future generations to enjoy. No more new roads should be allowed.

We have visited Alaska, although did not have the privilege to explore this area, but would like to in the next few years and would love to hike on old trails in the quiet forest, undisturbed by chains saws and heavy equipment.

Thank you for your consideration in this matter,

Kay Stout
