Comments: I support Alternative 1

To Whom it May Concern,

I am an Alaska resident and live in Juneau AK. The Tongass is an important part of our community. In a world where we are already seeing the negative effects of climate change, it is unimaginable to me that anyone would support destroying and old growth forest, and the habitats it supports including healthy salmon runs. This type of thinking is for people who live in the past. As someone concerned about our future, I wholeheartedly support Alternative 1 which takes no action and would leave all of Alaska under the 2001 Roadless Rule, including the Tongass National Forest.

Sincerely,

Rick Driscoll
