Comments: Keep the Roadless Rule in Place for the Tongass National Forest

Dear Interdisciplinary Team Leader, Alaska Roadless Rule Ken Tu,

I support the "no action alternative" to keeping the Roadless Rule in effect to maintain the pristine and intact ecosystem of the Tongass from the extraction of mining and clear-cut logging. I don't know the last time people didn't give a damn about 800 year old trees; trees that have been thriving in this ecosystem long before extraction of resources in this country was occurring. Let's continue to conserve our ecosystems, our wildlife, and our mother earth, for learning, exploring, and our future generations. I have a feeling they'll be happy we did.

Sincerely,

Mackenzie Smith
