First name: Eric

Last name: Andersen

Organization:

Title:

Comments: Tongass National Forest

I am against any and all decisions which open the area to development especially for any mining or deforestation development. We need to protect the pristine beauty of the area as much as possible from the greed of man. We have allowed them to mess up the world enough with thier lust for resources.

Alternative 1. Keep the area protected! Do not allow development!

Sincerely,

Eric Andersen
