First name: Wade

Last name: Clarke

Organization:

Title:

Comments: AK roadless rule

I am writing to strongly recommend choosing alternative #1 to fully protect the relevant area. This land should be preserved for future generations to use and enjoy, to protect the seafood and tourism industries, to lessen climate change, to protect the remaining wildlife in our country, and to protect and preserve the pristine land and clean water of the area. The US economy and forest and oil industries do not need this additional level of assistance.
