First name: Chuck

Last name: Patterson

Organization: Social circle riding club

Title:

Comments: Off road motorcyclist don't have many places to ride as it is and closing what we now have isn't fair to this tax base. We have groups that help maintain these trails and I believe there are groups out there who don't help. One way to make the trails safer would be to make them one way also make single track trails for us to keep some of us off the wider area's where quads are at. Without places to ride you end up with problems like the cities are having with all the activity on the roads.

Thanks chuck
