Comments: Objection to Land Exchange in Valle Seco Scoping Comments

Dear Rebecca Smith,

Becca, I am commenting on the Valle Seco 2019 Land Exchange. It is not in the public good to remove from public hands and access, and place into private ownership, parcels in the San Juans slated for such. There are options to purchase Valle Seco with other funds, allowing two valuable pieces to exist in public hands. I object to privatization of Forest Service lands. I want access to roadless lands and the river corridor. These lands were set aside for all of us.
