Comments: Valle Seco land exchange

I am writing to comment on the proposed Valle Seco land exchange.

I have read the proposal and reviewed the maps.

1st it seems unfair to trade any of our beautiful high valleys for land in the Valle Seco. They didn't name it dry valley for nothing.

2nd no one knows what the future holds and who can know if the Forest Service may have future opportunities to add to these parcels.

3rd I think it is unfair to add the the assets of these private land owners at the expense of the citizens.
