First name: Richard

Last name: Sprinkle

Organization: Virginia Bear Hunters Association

Title:

Comments: I respectfully ask you to support this project to restore the health of America's federally-owned forests.

This well thought out and researched project gives the Forest Service the ability to :

- 1.Reduce the threat of catastrophic wildfire, insect infestation and disease, and to protect municipal watersheds.
2. I personally have seen the damage caused by Gypsy Moth infestation in Botetourt County and it is not pretty.
