Comments: Per Recreation Realignment Project:

My family and I have been using all 3 of these areas (especially Haw Creek Falls) since 1989; specifically for the solitude and remoteness they provide. I pay taxes and more recently use fees to keep these available and viable. I did not see any financial analysis showing the cost and fee revenue per site yet this is being proposed due to financial constraints. I propose saving money from a couple of the "controlled burns" in the Ozark National Forest and reallocate those dollars to keep these sites open.

User and volunteer of our Public Lands,
